

why is Sinclair Broadcasting able to force their stations to air an anti-Kerry documentary days before the election and not anti-Bush documentaries? This is biased media and it is not coming from a neutral stance.

As the FCC, it is your job to make sure that all broadcasting stations are able to adhere to your laws and regulations which the Sinclair Broadcasting company is not doing. I am upset that the days of honest and pure journalism from the Walter Cronkite days are starting to become biased and one-sided.

Large companies seem to be controlling the airwaves and this is not what democracy is about. While Sinclair uses the public airwaves free of charge it is obligated by law to serve the public interest by providing BOTH POINTS OF VIEWS.

Sinclair's actions show why we need to strengthen media ownership rules and to enforce those rules.
